

# Jasper Agrawal

✉ ja627@cornell.edu    ☎ (607) 262-6930    in Jasper Agrawal

## Education

---

### Cornell University

Anticipated May 2027

Bachelors of Science, Environmental Engineering

- College of Agriculture and Life Sciences
- Coursework: Renewable Energy Systems, Fluid Mechanics, Applied Modeling and Simulation, Environmental systems analysis, and Watershed Engineering

## Relevant Experience

---

### Environmental Intern

Rochester, NY

LaBella Associates

June 2026 – Aug 2026

- Wrote phase I environmental site assessment reports, did site visits and prepared auxiliary data for reports.
- Sampled groundwater and soil vapor, monitored well construction and injection.
- Implemented contamination mitigation systems like SSDS for radon and VOC mitigation.

### Undergraduate Researcher

Ithaca, NY

Roh Lab, Cornell University

June 2025 – Aug 2025

- Developed a simple PIV system that bypasses the need for a bright-light source by utilizing buoyant particles floating on the water surface by taking advantage of the water's surface as the imageable plane.
- Tested the bounds of water surface PIV to better understand where it deviates from traditional 2D PIV using experimental buoyant particles to image flow generated with a programmed actuator to maintain consistent kinematics.

### Design Team Lead

Ithaca, NY

Cornell University Sustainable Design

Oct 2023 – Sept 2024

- Collaborated with 25 engineering and life science students to design, prototype, and calibrate environmental sensors for an aquaponic system deployed in Chile.
- Directed an engineering team of 8 developing environmental sensor systems while coordinating task delegation, mentorship, and efficient hardware–software integration.

## Skills

---

**Software& Tools:** Python, Matlab, R, Julia, L<sup>A</sup>T<sub>E</sub>X, Autodesk Fusion 360, GEE/GIS, HEC-HMS

**Technical & Analytical Skills:** Systems modeling, Technical writing, Water sampling and Measurement.

## Leadership Experience

---

### Society President

Ithaca, NY

Seal & Serpent Society

Jan 2026 – Pres

- Lead the active society managing a \$500,000 annual budget coordinating with the 8 chairs to ensure smooth operation.
- Coordinated with the board organizing events like Homecoming, Reunion and a \$2.2 million renovation.

### Outdoor Odyssey Guide

Ithaca, NY

Cornell Outdoor Education

Oct 2024 – Oct 2025

- Planned, organized, and led a 9-day backpacking trip in the Adirondack Mountains for a group of six incoming students, fostering teamwork, resilience, and a positive group environment.

## Certifications

---

40-hour OSHA HAZWOPER - July 26

Cornell University - EHS 2397 : Laser Safety - July 2025
